

HASINI KAPPATI

AI & Full Stack Developer | B.Tech Artificial Intelligence Student

Hyderabad, India | kappatihasini9000@gmail.com | +91 9381986099

LinkedIn: linkedin.com/in/hasinikappati | GitHub: github.com/kappathasini

Career Objective

Ambitious AI & Full Stack Developer pursuing B.Tech in Artificial Intelligence with experience building AI-powered applications, intelligent systems, and modern web solutions. Passionate about solving real-world problems through innovation, rapid learning, and scalable technology. Seeking opportunities to contribute to impactful AI-driven projects and grow as a developer.

Education

B.Tech in Artificial Intelligence

Guru Nanak Institutions, Hyderabad (2025 – 2029)

Technical Skills

- **Languages:** Python, C, JavaScript
- **Frontend:** HTML, CSS
- **AI/ML:** AI-Assisted Development, Prompt Engineering
- **Tools & Platforms:** GitHub, Git, Vercel
- **Core Skills:** Problem Solving, Data Structures

AI-Accelerated Development

Built and deployed AI-powered applications using modern AI-assisted development workflows. Experienced in rapid prototyping, debugging, feature implementation, and integrating intelligent systems using contemporary development tools.

Projects

AI Customer Support Agent with Hindsight Memory

- Built an AI-powered chatbot with context-aware and multi-session memory.
- Implemented retain–recall–reflect mechanisms for improved conversational responses.
- Enabled personalized and consistent interactions across sessions.
- Designed a full-stack system with an interactive chat interface.
- **Tech Stack:** Python, OpenAI API, AI Memory Systems

DeepFake Shield — Real-Time AI Fraud Detection System

- Developed a system to detect deepfake videos and voice cloning in real time.
- Implemented AI-based analysis for facial inconsistencies and voice pattern detection.
- Provided explainable detection results with confidence scoring.
- Designed a scalable architecture for practical real-world deployment.
- **Tech Stack:** Python, AI Models, Computer Vision

Certifications & Experience

- Artificial Intelligence Intern — Executive81 HR Solutions & Grad Guru (3 Months)
- Artificial Intelligence Course — E-Cell IIT Hyderabad

Strengths

- Rapid learner with strong problem-solving mindset
- Experience building practical AI-driven applications
- Focused on scalable and user-centric solutions
- Strong interest in innovation and emerging technologies
